# I. POPE'S QUOTES

**"From the Cross, Christ teaches us to love even those who do not love us."**

**"The cross does not signify defeat or failure. It reveals to us the Love that overcomes evil and sin."**

**"The cross is the word through which God has responded to evil in the world."**

**"The mystery of the cross, A mystery of Love, can only be understood in prayer. Pray and weep, kneeling before the cross."**

**"The cross of Christ, embraced with love, never brings sadness with it, but joy, the joy of being saved and of doing a little of what he did on the day of his death."**

**- POPE FRANCIS**

## II. OUR FATHER'S MESSAGE

### *The call to holistic life*

**My dear daughters in God the Father,**

The call to 'Holistic Living' applies to everyone in the world.

Holistic way of living is the interconnectedness of a person within and outside. It is the wellbeing of body, mind and soul i.e. the wellness of the whole person. Not just the individual person but the entire universe and cosmos. With advancements in science and technology being so swift, and the emergence of 'Artificial Intelligence' being so real, a new world of opportunities has opened up. A serious threat to holistic living and a balanced eco-system has also emerged.

The best way to be prepared for the future is by training the faculties of mind and heart with skills and qualities. But more than that, one needs to be spiritually charged to lead a purpose-driven life. To lead a holistic life and to achieve, we need to initiate, involve, engage, intensify, invoke and improve. From doing the barest minimum, we must strive to do the maximum and aim at perfection. Though perfection will ever remain elusive, holistic living is a constant and continuous journey towards perfection in all aspects of life. I wish you success in this journey and accompany you with my prayers.

Thank you and God bless!

**Yours in God the Father,**

**Fr. J.E. Arul Raj**

**Founder**

# III. SUPERIOR GENERAL'S MESSAGE

**My dear sisters,**

On September 8<sup>th</sup> we celebrate the Feast of the Birth of Blessed Mother Mary our Model. This Feast provides us with an occasion to praise and thank God for the honour of the personal sanctity and vocation of the Blessed Virgin Mary, the mother of the Lord Jesus. According to the tradition, the Blessed Virgin Mary was born in Bethlehem. The belief that the Blessed Virgin Mary was born grew and greeted by the angel in the Holy House of Loreto.

Yes, we all know about how she was conceived without any taints of original sin, unlike that of any other human beings, who were tainted as the descendants of the first sinners, Adam and Eve. That is because Mary is the new Ark of the Covenant, bearing within her the New Covenant of God made through Jesus Christ, her Son, Whom she bore within her womb for an entire nine months. However, this at the same time did not elevate her to the status of a divine, unlike what some would like to charge upon us and our faith. Therefore, let us all reflect on the life which Mary had led, her commitment and total surrender to God's will, and how she has shown us the way forward, that through her we may reach out to her Son, and find our salvation in Him.

Let us all rejoice together, that the birth of Mary has brought the new hope of all of us, that as we gaze on her, we see through her, the coming of our salvation in her Son. Mary was born immaculate without any stain of sin. Mary, who is prepared by divine providence to be the Mother of Jesus the son of God, is conceived in the womb of her mother Anna, her father being Joachim. In the church her birth is considered as a solemn event and is described as "the hope of the entire world and the dawn of salvation". Her birth constitutes the hope and the light of salvation for the whole world. Her image is light for the whole Christian people". St. Augustine connects Mary's birth with Jesus' saving work. He tells the earth to rejoice and shine forth in the light of her birth. She is the flower of the field, the precious lily of the valley. Through her birth, the nature inherited from our first parents is changed.

May we honour Mary on her day by doing as she would have us do: keep our eyes focused on her Son: he is the focal point of all history, and rightly so ought to be the focal point of the histories of our own lives. Hail Mary, you are blessed among women. Pray for us now and at the hour of our deaths.

**Yours lovingly,  
Sr. S. Lalitha DMI**

## Without Holiness no one can enter Heaven

HE SET THE PORTERS AT THE GATES OF THE HOUSE OF YAHWEH, THAT NO ONE WHO WAS UNCLEAN IN ANYTHING SHOULD ENTER IN.

2 CHRONICLES 23:19 WEB

- Jehoiada was a godly man, and God used him to restore the throne of David to the line of David by crowning Joash as king. Jehoiada made an agreement between himself, all the people, and the king that they should be the LORD's people. \*Jehoiada restored the proper pattern of worship and service.\* He assigned the duties of the LORD's house to the leaders and the Levites. David had chosen them to take care of the LORD's house. They were to offer the burnt offerings of the LORD, as it was written in the Law of Moses. It was to be done with joy and singing, as David had told them. \*Jehoiada put the gatekeepers in their places of the LORD's house. This was done so that no one would go in who was in any way unclean.\*
- People who were unclean were not permitted to enter the LORD's house. If even in the earthly temple of God, unclean people were not permitted to enter, is it not certain that \*unclean people will not be permitted to enter heaven?\*

# *Without Holiness no one can enter Heaven*

- One essential aspect of God's nature is His holiness. \*God is holy and He commands His people to strive to be holy like Him\* (Leviticus 11:44). The advice of the apostle Peter to the believers: \**“As He who called you is holy, you also be holy in all your conduct, because it is written, ‘Be holy, for I am holy.’”*\* (1 Peter 1:15-16). We need to be careful not to revert to our former lifestyles in order to grow in holiness.
- The Bible says, \**“Without holiness no one will see the LORD.”*\* (Hebrews 12:14). No one will see the LORD unless they \*make a constant effort to be holy.\* The death and resurrection of Jesus Christ, as well as the atoning work of the Holy Spirit who resides within us, serve as the foundation for sanctification.
- The apostle John’s description of the magnificent New Jerusalem: \**“Nothing impure will ever enter it, nor will anyone who does what is shameful or deceitful.”*\* (Revelation 21:27).
- Holiness is the opposite of impurity. Because we know that nothing impure will ever enter heaven, we are to live holy lives as followers of Christ. The Bible teaches, \**“You put on the new man which was created according to God, in true righteousness and holiness.”*\* (Ephesians 4:24).

**Are we striving to live holy lives as followers of Christ to enter the kingdom of God?\***

## **The \*LESSONS\* we learn:**

- \* Unclean people will not be permitted to enter heaven.\*
- \* In order to enter heaven, we need to be careful not to revert to our former lifestyles.\*
- \* The death and resurrection of Jesus Christ, as well as the atoning work of the Holy Spirit who resides within us, serve as the foundation for sanctification.

# *Let your work speak for your personality*

An American inspirational author places three important suggestions before young men and women who are embarking on a new career and aspiring to make it big in life.

First, never look upon your occupation as drudgery. If you approach your work grudgingly and put half-hearted service into what you do, you have not learned the real art of living.

The quality of your work will have a great deal to do with the quality of your life. The habit of insisting upon the best of which you are capable and of always demanding of yourself the highest, never accepting the lowest, will make all the difference between mediocrity or failure and a successful career. Do your own thinking and carry out your own ideas as far as possible, even though you are working for someone else. Let your work speak for your personality.

Second, never shrink from responsibility. People who have never been entrusted with tasks involving huge responsibility are never able to realize their full potential and possibilities. Many young men avoid taking responsibility because they prefer an easy life and are not prepared to tax their minds further.

Thirdly, make character your biggest asset. Youngsters who start their careers with a firm resolve to make character their biggest capital and to pledge their total commitment to every obligation they enter into will never be a failure, though fortune in terms of money might elude them at times. No man who loses his character ever really rises to great heights. Those who take recourse to dishonest ways to further their career prospects will be constantly haunted by their conscience, which keeps telling them, 'You know you are a fraud; you are not the man you pretend to be.' The consciousness of not being genuine, not being what others think you to be, shatters one's self-respect and self-confidence.

There is a higher meaning, something deeper and nobler, in a vocation than making a living. The part of our life work that gives us a living, which provides the bread and butter, is merely incidental to the great disciplinary educational phase of it, the self-enfoldment. It is a question of how large and grand a man or woman you can bring out of your vocation.
